

REPSOL – MONTESA HRC

World Indoor Trial Championship
5th round.

Another victory for Toni Bou, the Repsol-Montesa HRC rider's fourth in five events.

Lisbon, 10.02.2007. - Toni Bou (Montesa-HRC Cota 4RT) increased his advantage as leader in the Indoor Trial World Championship after winning the fifth scoring event, held in Lisbon. This is the fourth victory of the Repsol-Montesa HRC rider in the present edition, with four events to go. The rider from Barcelona ended the classification lap as leader, obtaining a 7-point tie with Adam Raga and nine points in front of Albert Cabestany. Takahisa Fujinami and Dougie Lampkin (Both riding Montesa-HRC Cota 4RT bikes) did not get through this first round. The Japanese rider, who was just one point away from the play-off, sprained his leg in the fourth of seven individual zones, which affected his results in the rest of the route. In the final, the two leaders were neck and neck for three zones, after which Bou definitively came out first in the classification.

Toni Bou: *“Another victory that proves we are moving in the right direction. I’m very satisfied at how things are going and for having consolidated my leadership in the championship. But we mustn’t forget that there are still four events to go and with forty points at stake, nothing is decided yet. So I repeat what I have said up to now; we must go step by step, enjoying each moment, but not taking anything for granted yet”.*

Takahisa Fujinami: *“I was advancing in a way that could have enabled to be in the final again, just like last Sunday in Barcelona, but I hurt my leg in the fourth zone and couldn’t defend my possibilities to return to the podium. It hurts quite a lot and I hope I’m recovered enough to try again next Saturday”.*

Dougie Lampkin: *“My failure in the second zone determined my result in the first lap. Any mistake costs dear with such high-class rivals”.*

Toni Bou will defend his leadership in the Indoor Trial of Milan, sixth scoring event, to be held next Saturday, 17th of February.
