8th round.

Toni Bou is officially proclaimed World Champion

The Repsol-Montesa HRC rider shared the podium of the last event in this championship with Dougie Lampkin.

Madrid, 17.03.2007. - Toni Bou (Montesa-HRC Cota 4RT) was officially proclaimed World Trial Indoor Champion at the end of the eighth and last scoring event, held in the Palacio de Deportes of the Community of Madrid. The Repsol-Montesa HRC rider, who had already left the title decided at the end of February in Menorca, finished second in this last event of the championship, sharing the podium with Dougie Lampkin (Montesa-HRC Cota 4RT), who reached the posts of honour for the second time this year. In this his first year as a member of the Repsol-Montesa HRC team, Toni Bou, the youngest champion in the speciality, was the star of this year's world indoor championship, as can be seen in his four victories and three second positions achieved in the eight events in the competition. The results of the Repsol-Montesa HRC team were completed with two podium positions won by Lampkin and the sensational double victory of Toni Bou and Takahisa Fujinami in Barcelona. The Japanese and the British riders were fourth and fifth respectively in the final classification.

Toni Bou: *"I'd prefer to close the championship with a victory, but its clear that you can't always win. Anyway I'm fully satisfied with the results we achieved in this championship. I hope we can repeat these results in the outdoor world championship that starts in a couple of weeks".*

Dougie Lampkin: *"This podium in the last event has been a good way to end the championship, in which I've had some ups and downs. Now we must concentrate on the outdoor championship, where I hope this team will leave its mark and personally I hope it will be better for me that the one that's just ended".*

Takahisa Fujinami: *"From the whole championship, the best thing for me was my second position in Barcelona. It was sensational and I would have liked to repeat it, but here in Madrid I made a lot of mistakes, so I'll have to wait until next year. Now, with the beginning of world outdoor trials championship, we must move on. I hope I'll be able to start it in the best conditions".*
